Construction Union Wage Rate Index

 October 2011 ([Previous release](#))

The Construction Union Wage Rate Index (including supplements) for Canada remained unchanged in October compared with the previous month. The composite index increased by 1.2% compared with October 2010.

Note: Union wage rates are published for 16 trades in 22 metropolitan areas for both the basic rates and rates including selected supplementary payments. The indexes (2007=100) are calculated for the same metropolitan areas and are published for those where a majority of trades are covered by current collective agreements.

This release presents indexes that are not seasonally adjusted. The union wage rates and indexes published are subject to a 30-month revision period after dissemination of a given month's data.

Available on CANSIM: tables [327-0003](#) and [327-0045](#).

Definitions, data sources and methods: survey number [2307](#).

The third quarter 2011 issue of *Capital Expenditure Price Statistics* ([62-007-X](#), free) will be available in January 2012.

The construction union wage rate indexes for November will be released on December 15.
